....the ORIGINAL tongue and groove plier

The most versatile gripping tool ever made . . . the verdict of millions of tool users who own CHANNELLOCK, the ORIGINAL tongue and groove plier. And for good reason. The cutaway illustration below details the unique, exclusive CHANNELLOCK design and functional advantages which make it the world's most wanted plier. That's why it pays to make sure you are buying the GENUINE CHANNELLOCK plier: look for the trade mark on the handle. See the complete family on the next two facing pages.

User Preferred Features

And Only CHANNELLOCK Has 'Em

Cut-away view shows exclusive CHANNELLOCK undercut, non-slip design.

Smooth working, machined UNDERCUT mating parts. The greater your grip, the greater the lock-action. A patented CHANNELLOCK exclusive.

Reinforcing flange practically eliminates stress breakage. Another unique patented CHANNELLOCK exclusive.

All CHANNELLOCK snips and shears are packaged in this attractive display holster. Protects blades from dirt, permits easy access to tool and serves the user as a handy wall rack.

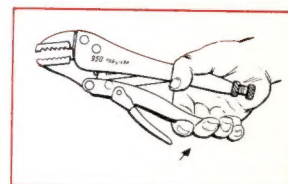

THE ONLY ONE YOU CAN GRIP AND RELEASE WITH ONE HAND

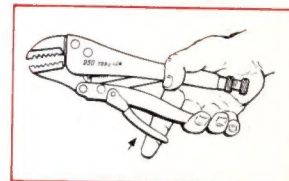

No. 950 TOG-L-LOK

USE IT AS A PLIER . . . AS A WRENCH . . . AS A CLAMP

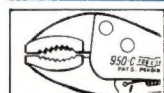

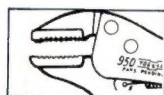

Here's the multi-purpose plier/wrench you can work with one hand. Finger-squeeze the handles to lock the jaws onto the work . . . with the same hand, finger trip the release lever to open the jaws. Simple, fast, efficient. And only TOG-L-LOK gives you the release lever OUTSIDE the lower handle. Easy to get at. No chance of pinched finger. No snap-sting when you trip the lever (it's plastic cushion-coated).

Finger-tip Lock Tool Onto Work With One Hand and Then . . .

WITH THE SAME HAND . . . Finger-tip Release It.

No.	Length	Jaw Width	Maximum Capacity	Jaw Parallel Capacity
950 Straight Jaw	10"	9/16"	1 7/8"	9/16"
950-C Curved Jaw	10"	3/8"	1 7/8"	9/16"

Both styles packed individually — Box or Skin-Pak.
